News Advisory

Staying Safer at School: Playground Inspection Shows How

WHAT: The Utah Department of Health, Salt Lake Valley Health Department, and Safe Kids Utah will conduct a playground inspection to highlight common safety hazards and effective ways to prevent injuries on playgrounds. The event will also kickoff April 26-30, 2010 as Playground Safety Week in Utah.

WHY: More than 2,300 children are injured on school playgrounds in Utah each year. That is enough students to fill 100 average Utah elementary school classrooms.

WHO: Speakers include:

- Principal JoAnn Crawley, Calvin Smith Elementary
- Greg Langfeld, Salt Lake Valley Health Department

WHEN: Tuesday, April 27, 2010
2:00 p.m. - 2:45 p.m.

Speakers will be available for interviews after the playground inspection.

WHERE: Calvin Smith Elementary School
2150 W 6200 S
Taylorsville, UT

NOTE: Parking is available in the North parking lot on 2200 West behind the school.
